

Dear customers

Thank you very much for your continued support.

The 111th Aktio Auction will be held on Wednesday, October 11th from 10am.

We would like to inform you about the delivery.

According to our company's terms and conditions, we have provided guidance based on the assumption that we will use the intermediary service specified by our company.

Due to congestion at the port, it is difficult to transport machinery that has not yet been scheduled for shipping to YOKOHAMA (Yokohama Port).

*

Machines that have already been delivered will be delivered as usual at YOKOHAMA (Yokohama Port, each Otsunaka).

As an emergency correspondence, we have set up a new delivery location "SAITAMA".

For machines whose delivery location is "SAITAMA", we will inform you that they will be delivered to our company in Saitama Prefecture. (note : Our location is NOT the port.)

In addition, extremely crowded conditions are expected in Saitama Prefecture, also.

Regarding the delivery of the winning bidder, we will ask you about the desired pick-up date after confirming your payment.

Please note and comprehend that we may not be able to accommodate your request regarding the pick-up date.

Once the shipping schedule has been decided, for customers who wish to have their items delivered to YOKOHAMA, we will arrange transportation for an additional fee of ¥30,000.

Also, this time, we will be exhibiting the relevant models with a flat rate of 50,000 yen deducted from the starting price. (note: excluding some models)

There is no prospect that the congestion at Yokohama Port will be resolved, and we will provide further information regarding future plans.

We apologize for any inconvenience this may cause.

We look forward to your participation in the 111th Aktio Auction.

◆Date and time: October 11th (Wednesday) - 12th (Thursday), 2023

If you have any questions, please contact us.

Please feel free to contact the auction office.

Thank you for your support.
